Feed-back from recent LCSUK workshops

Date & Venue	Topic	Representative examples of all comments
26 & 27 Nov 2010 Bedhampton	Understanding breast milk and the pre-term baby	<ul style="list-style-type: none"> • Really interested in premature babies and how they behave. • I learnt a lot about breastfeeding and pre-term babies. • Good venue, well organised/structured, good refreshments! • Very enjoyable and informative day.
10 & 11 Dec 2010 Bedhampton	Moving breastfeeding practice on	<ul style="list-style-type: none"> • I enjoyed meeting others who work hard to achieve good outcomes for breastfeeding mothers and babies. • Really helpful and very valuable preparation – I feel well supported in my study and developing my practice attending the workshops. • Friendly and welcoming, informative and relevant to my needs as a peer supporter. • Good to have a nursing/midwifery perspective. • Excellent venue, facilities and food. • Room could be warmer.
22 Jan 2011 Bedhampton	Developing professional practice in breastfeeding	<ul style="list-style-type: none"> • Very, interesting, helpful and encouraging. • Good discussions – great fun too. • Really beneficial to building knowledge and gaining confidence – my practice is improving! • Relaxed presentation, helpful background information. • Great – as usual. • Some slides cramped and I couldn't hear video excerpts very well. • Good location. Close to the A3(M) and yards from the local railway station. • Room was a little cold today.

Note: I have taken the comments about the heating at Bedhampton up with the Centre management. I now bring supplementary heating in cold weather to try and avoid this problem in future.
